

HERE'S YOUR CHANCE TO HELP

The Oregon Association of REALTORS® HOME Foundation provides financial resources to create, expand and encourage home ownership opportunities for Oregonians at or below local median income.

The HOME Foundation was created in 2004 by a group of concerned REALTORS® aware of the increasing need for affordable housing in Oregon. Since inception, the HOME Foundation has provided almost \$240,000 in grants to such worthwhile organizations as:

- Habitat for Humanity
- Community Action Team – Foreclosure Prevention Program
- Neighborhood Economic Development Corporation
- African American Alliance for Homeownership
- Clackamas Community Land Trust
- Corvallis Neighborhood Housing Services
- Portland Housing Center
- Homes for Our Troops
- Proud Ground
- Umpqua Coastal Housing Center
- and many more 501(c)(3) non-profits dedicated to affordable housing

We believe that we can make a difference and help to solve the affordable housing crisis but we can't do it alone.

For more information on the HOME Foundation and an opportunity for you to assist, please visit our website:

Despite their best efforts, far too many members of today's workforce simply can't afford the American Dream – home ownership. Oregon's real estate community is determined to make those dreams a reality through the HOME Foundation.
